

Prevent Accidents On Your Roof.

WE HAVE THE SOLUTION

SOME IMPORTANT FACTS

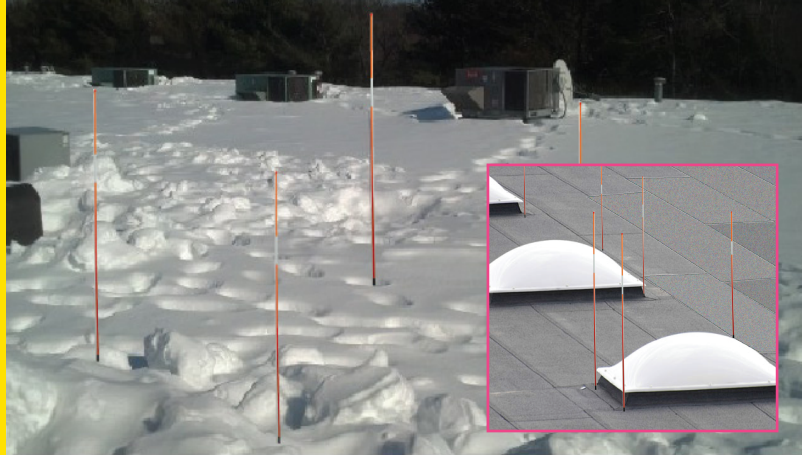

- Falls from roofs cost approximately **\$54 million a year.***
- Every year **48 people fall through roofs resulting in 20 fatalities.***

* According to OSHA

ROOF SAFETY MARKERS ©

THE SOLUTION FOR SAFETY.

Our highly visible Roof Safety Markers make roof inspections safer, faster, and more efficient. Roof Safety Markers make it easy to identify roof drains, skylights, and other roof areas that can be hidden by snow.

Roof Safety Markers, along with regular inspections will increase the life of your roof, increase its sustainability, and reduce the likely hood of expensive repairs.

Roof Safety Markers increase the safety to the public and help avoid life-threatening injuries to roof inspectors and maintenance personnel.

Businesses pay millions of dollars a year in claims associated with falls from elevations. Roof Safety Markers are one of the most cost effective tools that can be used to protect your personnel and building.

We protect life and property
